

### 1 Creating your password

When you access the new EESS Platform for the first time you will need to REGISTER to create your individual account (see the Setting up yourself in the EESS Platform in the [Learning guides](#))

During this process, the platform will require you to enter a password. It is important to apply the correct password requirements. This will save errors and time

**Note:** These minimum requirements are essential for the EESS Platform security

### SPECIAL NOTE ABOUT PASSWORDS:

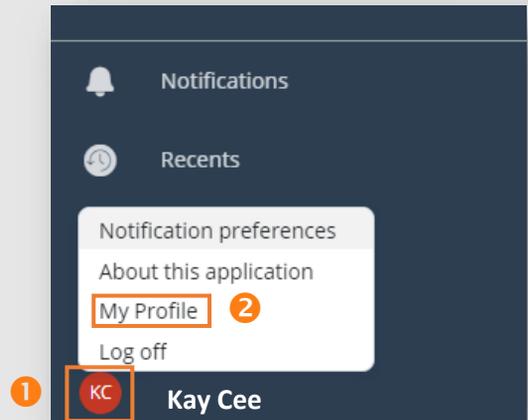

- Do not use your email address in the password
- The platform will request that you change your password every three months. The request will appear when you log on. See Changing Passwords on the next page
- When logging on, if you enter the password incorrectly five times you will be locked out of the Platform. You will need to contact support for a password reset – see contact details below
- If you have not accessed the EESS Platform for 395 days, your account will be disabled. You will need to contact support to have your account reinstated – see contact details below. There will be no loss of data

## 2 Changing your password

There may also be times when you want to change your password. This can be done by you after you have logged on

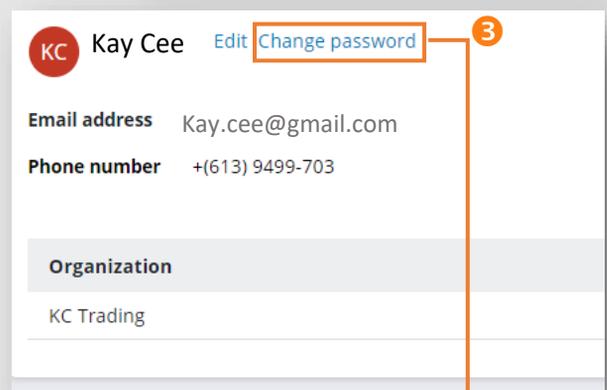

### To access your password

1. Click on your initials at the bottom left of your screen
2. Select My Profile
3. Click on Change password

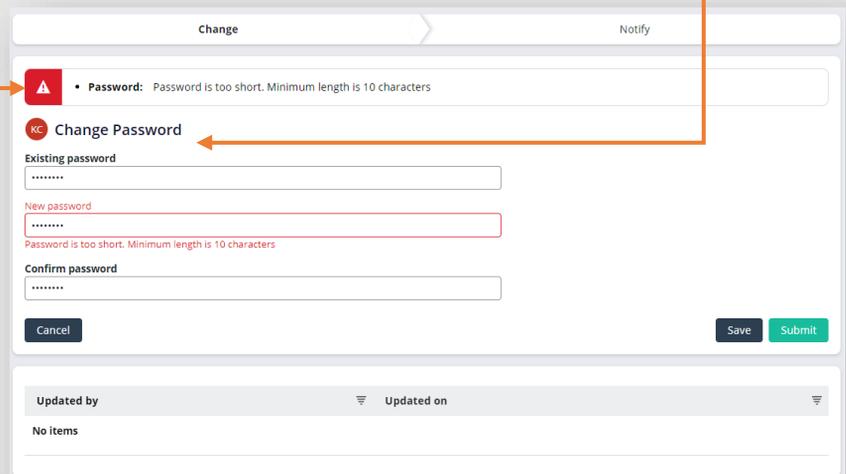

### To change your password

- Complete each field as requested in the Change Password screen
- When done click the **Submit** button. You will receive a success message
- To avoid errors such as the one below, make sure you comply with the platform's password minimum requirements.

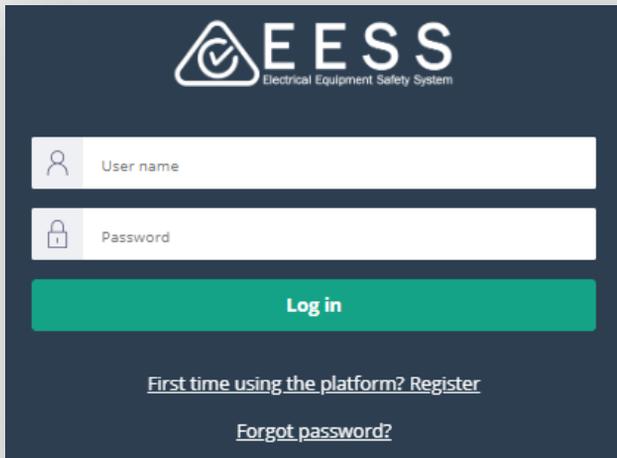

### Remember:

- ➡ Minimum password length = 10
- ➡ Minimum numeric [0-9] characters required = 1
- ➡ Minimum alphabetic [a-z A-Z] characters required = 1
- ➡ Minimum special [ ` ~ ! @ # \$ % ^ & \* ( ) \_ + - = [ ] | \ : " ; ' < > ? , . / ] characters required = 1

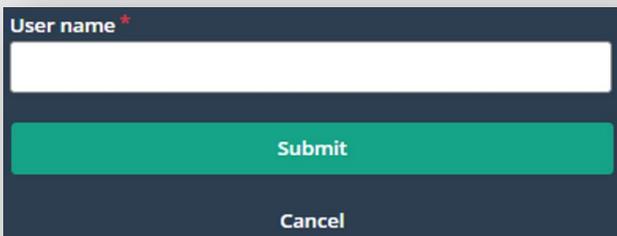

### 3 Forgetting your password

The login page features the EESS logo at the top. Below it are two input fields: 'User name' with a person icon and 'Password' with a lock icon. A green 'Log in' button is positioned below the fields. At the bottom, there are two links: 'First time using the platform? Register' and 'Forgot password?'.

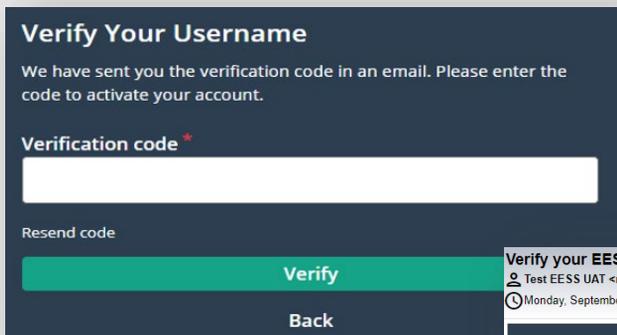

#### To change a forgotten password

- Click on [Forgot Password?](#)

This form is titled 'User name \*' and contains a single text input field. Below the field are two buttons: a green 'Submit' button and a 'Cancel' button.

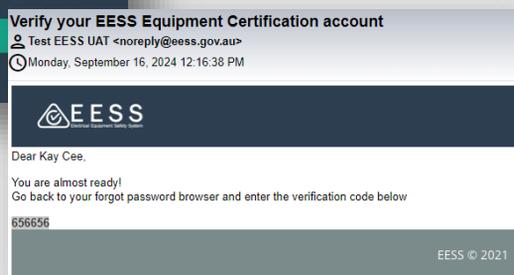

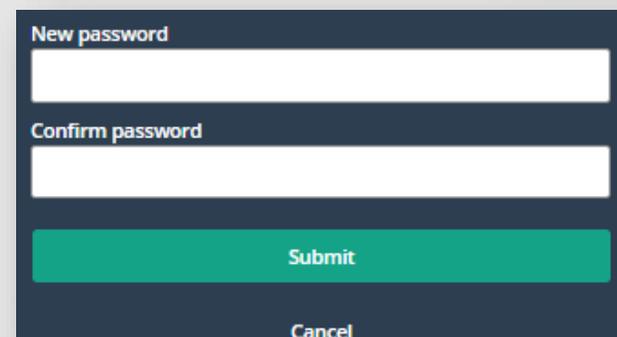

- Type in your username, i.e. your email address you used to register on to the Platform
- Click on **Submit**

This form is titled 'Verify Your Username'. It includes the text: 'We have sent you the verification code in an email. Please enter the code to activate your account.' Below this is a 'Verification code \*' input field. At the bottom, there are two buttons: a green 'Verify' button and a 'Back' button.

The Platform will send a verification code to your email address

- Enter the verification code
- Click on **Verify**

This form has two sections: 'New password' and 'Confirm password', each with a text input field. Below the second field is a green 'Submit' button and a 'Cancel' button.

- Enter a new password, making sure to apply the correct password requirements
- Confirm the password
- Click on **Submit**
